- D.S. Weed and C.D.C. 207 immediately attended and interviewed Capt. Sandie, who stated that it had been reported to him by Sgt. Yates, that a wireless station near the British Military Post on Columbia Road, had been sending out messages and that Sgt. Yates had enquired and ascertained that several Chinese and one American were the occupants of the house. He also stated that a Sikh Watchman was employed there.

On receipt of the above, detectives made discreet enquiries and found that the house in question was No. 7 Columbia Road and is situated at the end of a terrace of 8 similar houses, leading off the road.

Sgt. Yates of the Loyal Regt. was interviewed at the request of Capt. Sandie, and stated that he had been informed of the foregoing by a foreigner, of Chinese nationality, who stated that until 4/8/37 the house in question had been unoccupied, and that when it had been taken, the occupants had erected a large wireless station and had been heard speaking and receiving messages.

Further enquiries were made by the undersigned at the address at 51 Columbia Road and it was ascertained that the house in question is at present occupied by the R.C.A. Communications, Inc.. The undersigned interviewed Mr. G.F. Sheeklen, vice-president of the R.C.A., who was present at the time, and he stated that the company had occupied the premises from 2/9/37, and they had been testing the radio, pending transmitting to U.S.A. and Manila. He further stated that it was a Commercial Station and that they were licensed by the Ministry of Communications, and that it was a substitute for the station at Chenju.

Mr. Sheeklen requested that the above information be kept confidential.

Capt. Sandie G.O. "B" area Loyal Regt., was informed of the above by the undersigned.

S.I, Special Branch

REPORT

Date September 13, 1937.

Subject Suspected Unauthorised Wireless Station reported by
British Military Authorities

Made by D.S.I. Logan

Forwarded by C Crawford

Reference the remarks of the Acting Commissioner of Police and D.C. (Crime and Special Branches) appended on Bubbling Well Station report on above, Misc. 256/37, dated September 10 and September 11 respectively, no information further than that contained in attached reports has been obtained. The wave length over which this Station broadcasts is known to the undersigned but is being kept confidential at the request of Mr. Shecklen of R.C.A. Communications, Inc. It is suggested that in order to check the claim that the Station is being used purely for commercial purposes, arrangements might be made whereby the officer in charge of C.C.R. could listen in to this Station's broadcasts.
